Discovering FinTech Resources

1. What criteria did you use to select your favourite site? Support your answers with specific examples from the sites.

   First, I go through all the sites and take a brief about each article same as the description wrote it below the article in this site, then I decide what I'm interested in it and the article include what I am search about it.

   For example, I interest reading about Fintech features and I would like to get a job in this specialist after this course, so I try from now to search about job advertisements, and I found it in FinTech Features

2. Were there sites that you visited that you would not return to? If so, which ones? Support your answers with specific examples from the sites that you did not find useful.

   Actually, yes there are but I did not remember the names it's from a long period when I'm traying to find a job i saw some of the websites include many advertisements and cookies that is very annoying also there not include a full information about the job or company sometimes they did not mention the company name.

3. If you did not have list of existing FinTech sites like the one provided in the article, how would you locate a site that you needed for important research as an input to a critical business decision you needed to make?

   I will try to search in internet about something may help me, by using the correct way to search, also I will ask the expert people in FinTech may I know them to give me some advice.
